Greetings. My name is David Grogg. I have accrued over twenty-three years as both a professional illustrator and image specialist. In that time I have accumulated extensive knowledge and expertise in the field, having been forged amid evolving technologies. My skill sets include logo design, high-end illustration and advanced digital retouch. I am proficient in Adobe Creative Suite, with particular emphasis in Illustrator and Photoshop.

The following is a collection of professional artworks for your consideration. I invite you also to visit https://www.behance.net/d_grogg43bf and/or <http://www.davidgrogg.com> for a more comprehensive work portfolio. I sincerely thank you for your time and consideration.
