

House and Grounds meeting Meeting Notes
October 20, 2021

Attending: Jan Strader, Robert Vinyard, Michelle Vinyard, Mike Holyfield, Todd Heffley

Opened ~ 7,30 p

Mike Opened in prayer.

These notes were made after the fact, so they will be brief.

1. Open discussion about hand sink P-traps and toilets in children's areas. Recurring problems, methods to increase reliability. No conclusion.
2. Discussed progress on Exit signage, Robert volunteered to hang signs, but will require someone else to wire them. Since the meeting, Robert has also identified other Exit sign requirements. Directional signage has arrived, Vendor to install.
3. Discussed current LED lighting upgrades.
4. Mitchell to follow up on Lawn Care team sign ups
5. Existing issues with roof. Roof is greatly improved since roof gutter problems are resolved, but issues remain:
 - a. Leak at children's gym, north wall ceiling truss.
 - b. Still need to evaluate Moisture level / mold out south children's classroom, south wall
 - c. Still need to evaluate leaks during hard blowing rain
 - d. Mike to follow up on polymer roofing covering.
6. General church security status. Todd reviewed previous discussion and actions. Todd is clearly not called to that ministry. Please pray that the Good Lord will lay that need on someone's heart. Meantime, Todd will forward along some older information. Discussed a seat position in the sanctuary marked for a person with medical training. See video.
7. Open discussion pertaining to the land adjoining 407. Open discussion pertaining to parsonage. We agreed there in an urgency. Jan to follow up, and report back.

Closed in Prayer ~ 9.30 P

Blessing All.

Todd
